**Nylon-Reinforced Steel Blade,
Speed Rewind – NRS**

- Blade and housing are rust- & break-resistant
- Rubber shovel handle for a comfortable, "no-slip" grip
- Double nylon-coating and steel core provide superior strength & accuracy
- Metal-reinforced crank handle lasts longer
- Double-riveted housing for durability
- Hi-visibility housing lets you find it fast

Perma-Clad[®] blade

Multilayer blade construction ensures corrosion resistance—even to salt water!—providing at least three times the usual tape life.

Model	length	unit	zero pt.	attachment
NRS18100	100 ft.	ft., in., 1/8	hook end	hook
NRS18200	200 ft.	ft., in., 1/8	hook end	hook
NRS18300	300 ft.	ft., in., 1/8	hook end	hook

WARNING!

These tapes have steel blades. Keep away from electrical hazards!
